Virtual Assistant Support

SERVICE 01

Practical admin support to take the day-to-day off your plate

Running an organisation means being pulled in every direction. This service gives you reliable, skilled admin support without the cost of a full-time hire. Whether you need help managing emails, scheduling, data entry, document preparation, or day-to-day coordination — we take it off your plate so you can focus on what only you can do.

You can book on an ad hoc basis (minimum 2 hours) or commit to a monthly retainer for consistent, ongoing support. Retainer clients benefit from a reduced hourly rate on additional hours booked within the month.

Service Option	Investment
Ad Hoc Support (minimum 2 hours per booking)	£50 / hour
Monthly Retainer — Starter (8 hours per month)	£360 / month
Monthly Retainer — Regular (16 hours per month)	£680 / month

Additional hours within a retainer month are charged at **£45/hour**. Minimum 1-month retainer commitment payable in advance.

The Elevated Edit

SERVICE 02

Your thinking space. Expertly guided: structured 1:1 sessions to untangle overwhelm, set priorities, and leave with a clear action plan

The Elevated Edit is Elevated Living's signature thinking and strategy service. Designed for people who are doing too much, thinking in circles or simply need expert space to get clear — it's a structured, one-to-one session that cuts through the chaos and leaves you with a sharp picture of where you are, where you're going and exactly what to do next.

Drawing on 20+ years of experience, every Elevated Edit is tailored, direct and built around you. Sometimes the biggest block to progress is not knowing where to start — or feeling so overwhelmed that everything feels urgent at once. Each session gives you protected thinking time with expert support to cut through the noise, identify what truly matters, and walk away with a concrete plan.

The **Power Hour** is ideal for tackling one specific challenge. The **Half-Day Session** goes deeper across multiple priorities. The **Full-Day Intensive** is the most comprehensive option — a full day of structured work, a written action plan, and a 30-day check-in to keep momentum going.

SERVICE 03

End-to-end management of defined projects, programmes, or launches

You have a project that needs to happen — but you don't have the capacity, structure, or headspace to drive it yourself. This service gives you hands-on project delivery support: from scoping and planning right through to execution and oversight. We take on the coordination, timelines, and accountability so the project moves forward even when you're stretched.
