

EMPOWERING GROWTH. ELEVATING SUCCESS

Elevated Living

Services Overview 2026

A consultancy for solopreneurs, small business owners, and community-led organisations who want a clear plan and the support to carry it out. Each service meets you where you are, and moves the work forward.

The Elevated Edit

Elevated Living's signature thinking and strategy service, built for people doing too much, thinking in circles, or simply needing expert space to get clear. The Elevated Edit is one door with three ways in: one-to-one sessions, an in-person group session, and an ongoing membership.

1:1 Sessions

Structured, tailored to you, and built around 20+ years of experience. Every session leaves you with a sharp picture of where you are, where you're heading, and exactly what to do next.

Power Hour

60-minute focused session on one key challenge. The recommended entry point for new clients.

£125

Half-Day Session

3.5 hours, with follow-up notes and key actions.

£350

Full-Day Intensive

A full day of structured work, a written action plan, and a 30-day check-in to keep momentum going.

£650

Monthly Retainer

Two 60-minute sessions per month, plus async support between sessions. Priority scheduling included.

£325 / month

Group Session

A 2-hour in-person session. Guided through the six pressure points that get most small businesses and projects stuck, you leave with a named priority and the first steps of a 90-day action plan.

Elevated Edit — Group Session

In person · book individually.

£25 per person

Membership

An ongoing membership that gives business owners real accountability, helping you move past information overwhelm, analysis paralysis, and the other barriers that keep solopreneurs circling the same six pressure points without ever finishing the work.

Free Membership

Community access and ongoing support. Full details to follow.

Free

Monthly Membership

Deeper ongoing support and accountability. Full details to follow.

£17 / month

Membership tiers are being finalised — this section will be updated once pricing and structure are confirmed.

The Elevated Edit is delivered online or in person across London and surrounding areas. Additional travel costs may apply outside Greater London.

Fractional Project Management

You have a project that needs to happen, but not the capacity, structure, or headspace to drive it yourself. This service gives you senior project delivery support on a fractional basis: scoping, timelines, coordination, and accountability, without the cost or commitment of a full-time hire.

Project Scoping & Setup

Half-day discovery, scoping and project planning.

£495

Ad Hoc Day Rate

Standalone project days, flexible to your needs.

£600 / day

Monthly Retainers

Ongoing fractional project management, scoped to what your project actually needs.

Light

8 hours a month, ongoing oversight.

£720 / month

Standard

12 hours a month, active management.

£1,020 / month

Intensive

16 hours a month, complex delivery.

£1,280 / month

A scoping session is recommended before any retainer. Retainer rates are discounted against ad hoc booking, growing with commitment, so a retainer is always better value than booking the equivalent hours as ad hoc days. Minimum 1-month commitment, payable in advance, with 30 days' notice to end.

AI Services

Two ways in: learn to use AI yourself, or hand the work to someone who already knows how. Whether you want the skills or just the outcome, this service meets you where you are.

Getting Ahead with AI

A cohort-based course for absolute beginners. No prior experience needed, delivered at a pace that works for people building confidence with AI tools for the first time.

Getting Ahead with AI

Delivered in partnership with Square AI Academy. Cohort dates and booking via their site.

Done-For-You AI Support

For people who don't have the time or the inclination to learn AI themselves, but still want the benefit of it. Elevated Living builds and runs it for you.

AI Audit / Quick Win

A single session identifying where AI could save real time, with one thing actually set up before you finish.

Ad Hoc AI Support

Workflow builds, prompt templates, content systems and one-off automation, booked as needed.

Monthly AI Retainer

Ongoing, done-for-you AI support: content generation, admin automation, reporting and whatever your actual bottleneck is, month to month.

The short discovery conversation is free. AI Services pricing is confirmed afterwards, so the support is scoped properly to what you actually need.

Impact & Partnerships

Strong partnerships and evidenced impact sit at the heart of long-term, sustainable growth, for any organisation, not just VCSE. This service covers both: building the relationships that matter, and proving the difference your work makes.

Partnership Development & Community Engagement

Partnership Mapping & Strategy

Half-day session to identify and prioritise the right relationships for your vision and growth.

From £495

Community Consultation Support

Planning and facilitating meaningful community engagement that delivers real insight.

From £600

Ongoing Partnership Management

Regular support to manage and develop your key partnerships over time.

From £500 / month

Impact Report Writing

A bespoke, professionally written impact report that brings your outcomes to life, speaks the right language to funders and partners, and is tailored to your specific stakeholder requirements.

1. Free Scoping Consultation

We discuss your outcomes, audience and funder requirements.

Free

2. Bespoke Proposal & Pricing

A tailored quote confirmed based on scope and complexity.

3. Report Writing & Delivery

A professionally written report evidencing your social value and outcomes.
